Inspire U.S. is a 501(c)3 nonpartisan program that works to transform young leaders’ inspiration into action that improves our communities and strengthens our democracy. Our work centers around training high school students and collaborating with educators, elected officials, and community partners to register young people to vote and ensure they will be turning out to vote on election day. Currently operates within ten state programs: Arizona, California, Colorado, Kentucky, Nevada, Pennsylvania, Texas, Virginia, West Virginia and Wisconsin.

By the Numbers

- Registered and pledged **50,000+ high school students to vote**
- Registered students from **300+ high schools**
- **More than 100 schools** in our network have earned statewide recognition from Secretaries of State, Boards of Education, and other offices for their voter registration work
- Found that students who register or pledge to vote with Inspire are **2 times more likely to vote** than their peers.

Online Voter Registration and Text to Register

Any partner interested in high school voter registration is welcome to use our online platform and text to register program.
