One action. 12 million votes.
Around **12.3 million people** in the United States are employed by nonprofits.

Nonprofit Staff Vote is a joint campaign that aims to encourage nonprofit employers to **offer employees paid time off to vote** on or before Election Day.
why offer paid time off to vote

Paid time off to vote on or before Election Day ensures staff don’t have to choose between voting and a paycheck.

Mail-in voting may not be accessible to everyone and voting in-person looks different this year.

paid time off can go beyond voting

Organizations can give staff Election Day off to engaging in the democratic process like YMCA of the USA

OR

Allow staff to use “paid time off to volunteer” for nonpartisan civic engagement activities like Feeding America

Feeding America
Volunteerism is a uniquely American tradition:

- Feeding America encourages its employees to fulfill their civic responsibilities by participating in federal, state, and local elections.
- Employees who volunteer must do so with a social service 501(c)(3) charity, work the polls or election phone banks, transport people to the polls, or utilize the time to vote during a federal, state, or local election.
One action. 12 million votes.
