One action. 12 million votes.

# about

Around **12.3 million people** in the United States are employed by nonprofits.

Nonprofit Staff Vote is a joint campaign that aims to encourage nonprofit employers to **offer employees paid time off to vote** on or before Election Day.

# why offer paid time off to vote

Paid time off to vote on or before Election

Day ensures **staff don't have to choose**  
between voting and a paycheck

**Mail-in voting** may not be accessible to  
everyone and **voting in-person** looks  
different this year

all **together** now.

# Feeding America Voter Engagement Policy

Volunteerism is a uniquely American tradition:

- Feeding America encourages its employees to fulfill their civic responsibilities by participating in federal, state, and local elections.
- Employees who volunteer must do so with a social service 501(c)(3) charity, work the polls or election phone banks, transport people to the polls, or utilize the time to vote during a federal, state, or local election.
